ROALD FOELSETON, who arrived in the United States from Norway two months ago, relaxes at home after he rescued a crippled woman when her clothes caught fire in her apartment in West Chicago. R.J. Road heard the screams of Mrs. Ruth Davis, 41, rushed into her home, hunk out the flames and dragged her to a telephone to call the police. Road's English is still faulty.

ALTHOUGH SHE HAD PRACTICED FOR DAYS, Ann Foster, 21-year-old daughter of Regimental Sergeant-Major F. L. Foster, was overcome by "stage fright" and burst into tears as she was about to present a bouquet to Queen Mother Elizabeth at Tidworth, Hampshire, England. Even the Queen Mother's way with children failed to have its effect for some moments, but eventually Ann, amid her tears, asked the Queen if she would kindly give the flowers to Prince Charles and Princess Anne. The Queen Mother said she would see to it personally and after a Royal pat on the head—the smile returned to Ann's face. The Queen Mother, as Colonel-in-Chief of the Queen's Dragoon Regiment, was visiting them to wish them God Speed on their tour of duty in the Middle East which begins soon. The Queen Mother is at present on a three-week tour of the United States and Canada.

TIES THAT BIND—Mrs. Balarami Amrit Kaur, left, India's only woman cabinet member, and U.S. Secretary of Health, Education and Welfare Celia Culp Hobby have fashion as well as governmental ties as they meet in Washington, D.C. Secretary Hobby wears a neckerchief-type tie as a costume accessory, and Mrs. Kaur wears the popular scarf with her sari.

REACHING FOR THE "SUGAR"—Sugar Ray Robinson, retired middleweight champ, dusts off the gloves at his restaurant in New York City as he prepares to go in, training for what he hopes will be a comeback bout with the current champ, Bobo Olson.

ROUND TRIP ON A DOLLAR—Tim of a silver dollar forms the tail for this tiny tin-type working locomotive model, built by Tim Winer, of St. Paul, Minn. David Sawyer, left, and brother Timmy admire the tiny railway system.

WILLIAM WILKIE, the New York adventurer who spent 115 days on a raft drifting from Callao, Peru to Pago Pago, Samoa, is welcomed home by his wife, Tina. He landed at Idlewild Airport with his black cat, Mookie, which ate his only speaking companion, a parrot, a day before the trip ended. Now Wilkie's wife, would like to go along on his next trip.

TORONTO'S YONGE STREET merchants celebrate the end of five years of subway building along the busy thoroughfare by staging a grand cavalcade. Street dancing had been planned but was cancelled owing to the loss of life during the recent storm. About \$22,000 was collected for the Hart House Fund as the parade passed along.

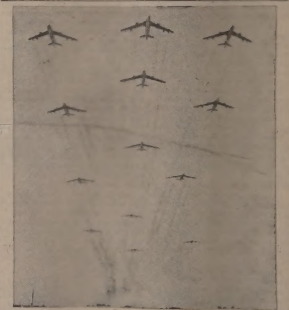

SITTABLY SEIM—Straight and narrow lines of the "new look" in fashion this daytime suit tailored of Tencel messenger rayon. Modeled in New York City, it is trimmed with narrow bands of black velvet, which take accent the dropped waistline.

OTTAWA'S NEW and official bilingual coat of arms with an all male cast, prepared by Mayor Charlotte Whittin and a committee of advisors and heraldic advisors.

"THE RIVAL" IS POSTCHAMP—Grand Champion Guernsey bull Pro Best, of McDonald Farms, Cortland, N.Y., would gladly trade that ribbon for a bale of hay. Not so his owner, J. M. McDonald, second from right, who receives congratulations from H. H. McMillan, president of the American Guernsey Cattle Club, at the high point of the recent 1964 National Guernsey Show at Watford, Iowa.

IN A HURRY—Thrilling clouds of vapor from their jet engines, 13 U.S.A.F. B-47 Stratojets streak the sky over Dayton, Ohio, on a bombing drill from their base in England to North Air Force Base, California. The trip took less than 14 hours.

THE 1964 Royal Agricultural Winter Fair, outstanding event on the calendar for urban and rural dwellers every fall, will get under way in the Coliseum, Toronto, on Friday, November 13. More than 10,000 visitors will be on display and there will be a variety of attractions including the horse show, flower show, snail show, square dancing and other events. In preparation for the big event, this lucky Southwestern lamb doesn't seem to mind being clipped and groomed by Beverly Bryson.

Government would be to administer a mixed economy containing elements of both private and public enterprise.

Statement admits in effect that majority of B.C. voters do not want socialism. CCF, if it has any loyalty to its original principles as laid down in Regina Manifesto, should be trying to convert electors to its beliefs rather than to deceive them as to its intentions.

The fine fall weather continues, with clear skies and bright sunshine. There was a keen frost Monday night, and temperatures around mid-day 45 above, at this writing.

Dave Hunter, who runs the large municipal grader, had the misfortune to fall from top of the machine while making some adjustments. He sustained leg injuries, necessitating him to lay off work for a while.

Toronto Royal Winners

An Ontario farmer, William Green, of Burlington, has been crowned world wheat king at the Toronto Royal Winter Fair winning the honor with a sample of white winter wheat. His beat on Ronald Leach, of Drumheller, wheat king for the last two years, who this year was awarded grand champion in the spring wheat class. Norman Johnson, of Grimsby, was named reserve champion in the spring wheat class.

For the second consecutive year the barley crown went to George Snow, of Milk River. His winning sample was of the variety Campana. Thomas Brown, of Canby, was named reserve king. The oat championship went to James Gray of Scotland.

Why Bread Prices Stay High

A loaf of bread provides one example of what actually is happening in food costs.

In a loaf of white bread, the cost of the wheat is only 15 per cent of the selling price. Milk and other farm-produced ingredients are 3 per cent of the retail price. So the farmer gets 18 per cent of the price paid by the housewife, and the manufacturers and distributors of wheat get 83 per cent.

This means that 3 per cent goes to processing and selling costs and more than offset a 10 per cent drop in wheat's price. Thus a per cent rise in wheat's price adds a penny to the price of bread even as farmers are complaining about wheat's lower value.

The wheat in a loaf of bread now costs 2.6 cents, or 10 per cent less than it cost in 1947. This other farmer-produced ingredients cost 0.5

cent, which is 16 per cent less than in 1947. Yet the price of bread itself, to the housewife, has gone right on up, from 12.5 cents in 1947 to 17 cents now, per pound loaf.

In 1951 Canada's slaughtering and meat packing industry produced goods to the value of \$892,090,641 — a new high.

We bring you -
THE 1955 BUICK
New thriller in Style - Power-Performance

A Buick Buick Buick

A BRIGHT NEW BUSINESS greets your eyes and tells you Buick's done it again.

You see it in the bold distinction of that gleaming White Screen-Grille. You see it in the rakish sweep of the chrome ornaments. You see it in the whole fore-and-aft newness of flex-line grace that marks Buick the beauty thrill of 1955.

New horsepower—up to 236
You learn more when you get the power, more. Up to new peaks go the horsepower of every Buick V8 engine—a whopping 188 h.p. in the low-price Skyhawk—a mighty 236 h.p. in the Granville, Strata and Roadmaster.

And it's new, more responsive, far able power you can literally feel as you go. But even bigger Buick news for 1955 is some-

thing more than style and power. It's what the "variable pitch propeller" now had done for Dynaflow Drive.

Up goes performance—and gas mileage too
When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he beats his plane down a runway.

You do in oil what he does in air—you cut down take-off time by using "variable pitch propeller."

In this case, the propeller blades are inside the Dynaflow unit. But they're engineered to swivel or change their "pitch" just like plane propellers

—and with the same result: one pitch for getaway, another pitch for gas-saving fuel efficiency. And what you get is the way of instantaneous safety-charge with absolute smoothness, you can only believe when you feel it.

This you have to try
Of course, we want you to come and see the latest-arriving new Buicks—look into the bonnet-rooms in gasoline mileage that add new thrills to these spectacular cars.

But this year, "seeing" is only the beginning. So—join the crowds viewing the new Buicks, and make a date to get behind the wheel as soon as we can have a demonstrator available. We promise you the thrill of the year.

Sign up on ROADMASTER, optional at extra cost on other Buicks.
